BOGS Copperhead Boots

New BOGS Copperhead hunting boots (\$195) feature a 17-inch high multi-layer shell covered in woven nylon to protect your legs from scratching and snakebite, and an inner air-mesh layer for comfort. A slip-on, seamless four-way stretch inner bootie ensures perfect fit, so there's no "breaking in" period. Also features a non-slip outsole and anti-microbial odor protection insole for smelly minimization. Available in Realtree AP camo, sizes 8 to 14.
