

## **PUDDLE JUMPERS**

Don't let your little one have all the fun: Slip on these low-profile **boots from Bogs** (pictured right; I keep mine by the door for easy access), gear up your tot in the classic kids' version (pictured left), and head out for some serious puddle fun. All Bogs kids' footwear feature pull-on handles, and I can attest that they do promote toddler independence! Both pairs of Bogs rain boots have a moisture-wick lining to keep feet dry, plus are lightweight and 100 percent waterproof.
